REVIEW OF COST ACCOUNTING SOLUTIONS CHAPTER 9

- This story in fact is a scientific fiction, because the change of personality and appearance was due to chemical substances. However, this is not a simple scientific fiction because it reveals the double characters in human life: a well-respected doctor could have some evil thoughts in his mind and behaved differently. On the other hand, the author did not mention why Dr. Jekyll wanted to do such horrible experiment to ruin himself completely. Perhaps this is the point that needs to explore.

- This is one of the hardest and boring books in life! It deals with strict men of Science, for instance, Dr. Hastie Lanyon. This book, like the Invisible Man, is a novel that has WAY too many details and should be strictly enforced not to be read. Who wants to read a book about science-fiction and not to mention the cuss words on every page? Who likes minor details around every corner. But, I must admit, there are fabulous descriptions of the characters and them themselves are quite interesting! But, this book is not good.
