REVIEW OF CLASSICS TEACHING LITTLE FINGERS TO PLAY EARLY ELEMENTARY LEVEL

- Exactly what ordered - even in better condition than what was stated. It's great when you put the edition number also.
- I wanted to teach some French to my American friends, so I picked this book because it was cheap and seemed to cover in an interesting way the different points I thought would be useful. After using it it appears that: +: little conversation at the beginning of each chapter is a good way to introduce the theme and to practice pronunciation. The themes are quite interesting, they are dealing more with real life than pure grammar. -: Vocab part doesn't include words I am using all the time when speaking with my friends in France (and it's not slang) so I would say that a good vocab book / website should be added to help learners.
