REVIEW OF DESPERATE JOURNEY

- Reading this not too long yet so deep novel, I cannot help but visualize Camus' picture of which he is smoking a cigar with such pensive expression on his face. It may seem, to some people, that Meursault was an absurdly hopeless man who apparently had no emotion whatsoever. But as his attitude, if any,

toward life shows it is all a matter of choice. Whichever may have its own value. Just like what existentialism sees in life. The beauty of ascetic life echoes A. Camus words: In the depth of winter, I finally learned that within me there lay an invincible summer.

- regarding the book: my rating of five stars is self-explanatory, and no further review is needed. this "review" was actually prompted by some of the pseudo-intellectual garbage being tossed out in other reviews here. i'm simultaneously annoyed and saddened when folks attempt to disguise their own ignorance with name-dropping, or misspelled vocabulary that could have easily been gleaned from the pages of the "Obscure Word of the Day" calendar...>i appreciate a bad review -

when it's well done. everyone has a right to his/her opinion after all. ButPoints:(1) this book is a translation. if you think it reads a little rough, keep in mind that it was written in french.(2) the author uses very dry, simple prose. hemingway also used dry, simple prose. hemingway did not write this book. if you want to review hemingway, do so - but wouldn't you be more comfortable doing it in the Hemingway section?(3) who expects poetry or lyricism in an existentialist novel about a frenchman with no conscience? i would be horrified and offended if this book were made beautiful. beautiful is for "paradise lost" and God. Meursault doesn't believe in God. i believe that anyone would be perfectly justified in hating this book. it could honestly be called "depressing" or

"utterly pointless", and it is, i assure you, completely bereft of any emotion higher than hunger or sexual attraction. Many of us would say, "That's the point. It's existentialism." If existentialism isn't your cup of tea, you will hate this book, and you will be right for hating it. HOWEVER i am loathe to see a good book trashed by someone too simple to understand it. my plea is this: please don't destroy what you don't comprehend. If you must write a bad

review, do it with style; make us all feel your pain. Give us details, evidence, and facts so that we can learn to hate with a vigor to rival your own! That way, we know that you truly read and understood the book . . . and thought it totally sucked eggs. agh, enough ranting -"The Stranger" is, in my opinion, one of the greatest books ever written, but that's just my opinion. Either you get it, or you don't.
