### **REVIEW OF AUTOMOTIVE TECHNOLOGY THIRD EDITION ANSWERS**

- Although I liked some aspects of One Hundred Years of Solitude, I do have some bones to pick with it. For one, I don't like the way Marquez tells the story. It is not in chronological order. To be honest this isn't my favorite way of telling a story but that isn't the worst part. What really bugs me about it is the fact that he spoils his future events. Not by foreshadowing but by blatantly telling you what will happen later in the story. Another problem is his sentence structure. Some of them were quite long. I like highly expressive writing styles and complicated sentences, but Marquez does it all wrong. There was one particular one that started more than half way up page 348 and ended at almost the bottom of page 350. Now call me cynical, but that sentence was pretty much a short story in itself. Needless to say I didn't like his sentence structure. (I highly doubt that this extremely long sentence was made with the translation since Marquez complimented Rabassa on his work and even said he preferred the English version of his novel.) I must say I did enjoy the actual story and the message that Marquez was giving. He was very symbolic and I liked that part of the novel. In all I think that One Hundred Years of Solitude was good but not the best. If you're curious about my favorite novel, here it is: the unabridged version of The Count of Monte Cristo by Alexandre Dumas.

- I bought this book despite the few negative reviews I read about it and was glad that I read it! Sure, everyone's entitled to their own opinion, and previous reviews were right about it not being a book everyone will necessarily like, but if you have patience and a good memory, you will enjoy this book! Yes, it gets confusing because the same names get used throughout the whole book for different generations in the family, but it all ties in to the overall story, which, I thought, only made the story better. You don't see many books like this one, so it's definitely worth a try =).
