REVIEW OF GLOBAL MARKETING MANAGEMENT 6TH EDITION SALAAMORE

- A woman who is smarter than your average neanderthal or even other clan member helps out.A garden variety prehistoric romance if there is such, just rather long. Smart girl looks for smart bloke, tries to overcome the nogoodniks, and keep everything going along and not collapsing. Has a few bright ideas for stuff along the way.

• These books are fantastic. I was fascinated from the very start - It is hard to imagine how a 5 year old girl can captivate so many people but Jean Auel does it somehow. Ayla seems such a strong independent spirit and I feel like i know her so well. This is one of the few books that has made me weep but at the bit where Iza dies I had to stop reading because it upset me so much. Me and my friend tried learning sling-throwing in the garden so we could be like Ayla- she made such an impression on us. I was so excited when the film was on - I got up at 2 in the morning because i couldn't wait until the morning to see it!!! It doesn't even touch the magic of the book but is still definately worth seeing. The other books do not reach the same standard of tCotCB .Although in book 3 you can draw interesting comparisons between the way of live of neanderthal and Cro-magnon people, the plot fades into the background to make way for descriptions of plants, animals and sex, sex and more sex! But despite this I still kept reading (and re-reading)and I am eagerly awaiting book 5 -i want to find out whether Ayla has a boy or a girl!
