The Racial Contract puts classic Western social contract theory, deadpan, to extraordinary radical use. With a sweeping look at the European expansionism and racism of the last five hundred years, Charles W. Mills demonstrates how this peculiar and unacknowledged "contract" has shaped a system of global European domination: how it brings into existence "whites" and "non-whites," full persons and sub-persons, how it influences white moral theory and moral psychology; and how this system is imposed on non-whites through ideological conditioning and violence. The Racial Contract argues that the society we live in is a continuing white supremacist state. As this 25th anniversary edition—featuring a foreword by Tommy Shelbie and a new preface by the author—makes clear, the still-urgent The Racial Contract continues to inspire, provoke, and influence thinking about the intersection of the racist underpinnings of political philosophy.

The author of *Race for Profit* carries out "[a] searching examination of the social, political and economic dimensions of the prevailing racial order" (Michelle Alexander, author of *The New Jim Crow*). In this winner of the Lannan Cultural Freedom Prize for an Especially Notable Book, Keeanga-Yamahtta Taylor "not only exposes the canard of color-blindness but reveals how structural racism and class oppression are joined at the hip" (Robin D. G. Kelley, author of *Freedom Dreams*). The eruption of mass protests in the wake of the police murders of Michael Brown in Ferguson, Missouri, and Eric Garner in New York City have challenged the impunity with which officers of the law carry out violence against black people and punctured the illusion of a post-racial America. The Black Lives Matter movement has awakened a new generation of activists. In this stirring and insightful analysis, activist and scholar Keeanga-Yamahtta Taylor surveys the historical and contemporary ravages of racism and the persistence of structural inequality, such as mass incarceration and black unemployment. In this context, she argues that this new struggle against police violence holds the potential to reignite a broader push for black liberation. "This brilliant book is the best analysis we have of the #BlackLivesMatter moment of the long struggle for freedom in America. Keeanga-Yamahtta Taylor has emerged as the most sophisticated and courageous radical intellectual of her generation." —Dr. Cornel West, author of *Race Matters* "A must read for everyone who is serious about the ongoing praxis of freedom." —Barbara Ransby, author of *Ella Baker and the Black Freedom Movement* "[A] penetrating, vital analysis of race and class at this critical moment in America's racial history." —Gary Younge, author of *The Speech: The Story Behind Dr. Martin Luther King Jr.'s Dream*

How the Dismal Science Got Its Name Vintage

The African Lion, Dr Chika Onyeani, is back and roaring. The author of the phenomenally successful *Capitalist Nigger* offers a new collection of his speeches, articles and other writings over the last fifteen years. In *Roar of the African Lion*, Dr Onyeani's unblinking gaze and plain speaking are directed at many of the burning issues of the day. He outlines his revolutionary Spider Web Doctrine—aimed at financial self-reliance and the upliftment of black communities—and attacks the parasitic leaders whose greed has robbed the people of Africa of opportunities for advancement and

development since their liberation. He is equally scornful of the failures of the African elite to influence the direction of their countries, and has trenchant comments to make about racism, xenophobia and hypocrisy in Africa, America and elsewhere. Dr Onyeani also tackles the persistence of slavery on the continent, the West's ambivalent attitude to aid and debt relief, rampant corruption and 'whiteness' of Barack Obama. Looking to the future, he cautions Africa to be wary of China's embrace and to pursue its own solutions to African problems.

SUSTAINING PERSONALITIES IN CAPITALIST NIGGER

The Wages of Whiteness Grove/Atlantic, Inc.

In my career journey I have engaged myself on diverse placements! One of the major personal tasks I have embarked myself on was when I joined the Roman Catholic Church as an aspiring future priest, and this formation process lasted a period of four years (studying philosophy, sociology, anthropology, psychology, politics, and theology etc. I was awarded with a diploma in Philosophy and an advance English Certificate by UNISA). Complimenting my training as a future priest was also involved on a variety of projects and events with the diversified communities of Pretoria, Johannesburg, Durban, and Pinetown simultaneously. This passion to serve as an aspirant priest, and to make a positive change within my circle of influence and beyond led to the formation of my non-profit organization called Young Generational Thinkers. In principle one of the objectives, goals, and mission of this organization going forward is to: create sustainable poverty alleviation projects, and to make provision of bursaries to the illiterate and those who are from the disadvantaged backgrounds. Create an environment of safety and healthy living, by formulating support groups, small, medium, and micro enterprises, reintroduce strong farming teams, and formulating self-sufficient entrepreneurial businesses, and thus create a space for job opportunities and well-functioning and self-sufficient community development projects. It is an undeniable fact that without education and necessary skills of entrepreneurship, the global advocacy issues facing the youth in areas of crime, drug abuse, unemployment, poverty, shortages of necessary skills, and fatal diseases would remain the struggle for survival for the entire international community. With major emphasis on education, entrepreneurship, and skills development by the individuals, in particular

the youth, fewer and fewer cases of delinquency would be reported. Mentorship programmes in place and good governance of all stakeholders involved would lead to the success of the international community. In my line of duty I have worked with a variety of public and private sector structures like the South African Department of Sports and Recreation, eThekweni Municipality Safer City Programme, Department of Community Participation, Department of Skills Development, Youth Commission, South African Red Cross, Durban Chamber of Commerce, South African Police Service, and Non-profit organizations like Right to Care, Love Life, Future leaders, National Youth Development agency just to mention a few. I was also involved on numerous national and international level on development and sustainable projects and events. With this in mind, I am optimistic that this manuscript would be embraced beyond measure, as I am a born philanthropist who is less motivated by money and prestige. To the contrary, I am motivated by making a difference, and making this world a better place for our generations generation to come.

For this moment, it's piercing, subtly wending its way toward questions about who we are and who we want to be...." - Entertainment Weekly From The New York Times-bestselling author of *The Mothers*, a stunning new novel about twin sisters, inseparable as children, who ultimately choose to live in two very different worlds, one black and one white. The Vignes twin sisters will always be identical. But after growing up together in a small, southern black community and running away at age sixteen, it's not just the shape of their daily lives that is different as adults, it's everything: their families, their communities, their racial identities. Many years later, one sister lives with her black daughter in the same southern town she once tried to escape. The other secretly passes for white, and her white husband knows nothing of her past. Still, even separated by so many miles and just as many lies, the fates of the twins remain intertwined. What will happen to the next generation, when their own daughters' storylines intersect? Weaving together multiple strands and generations of this family, from the Deep South to California, from the 1950s to the 1990s, Brit Bennett produces a story that is at once a riveting, emotional family story and a brilliant exploration of the American history of passing. Looking well beyond issues of race, *The Vanishing Half* considers the lasting influence of the past as it shapes a person's decisions, desires, and expectations, and explores some of the multiple reasons and realms in which people sometimes feel pulled to live as something other than their origins. As with her New York Times-bestselling debut *The Mothers*, Brit Bennett offers an engrossing page-turner about family and relationships that is immersive and provocative, compassionate and wise.

"'Troubled Waters' is a novel of transition. Set in 1974, the action focuses on two young people who are being shaken loose from their roots in family and tribe by the winds of political change. There is the Transvaler Andries Malan, conscripted into the South African bush war against SWAPO and posted to teach Biblical Studies in the black school near Rundu. And there is Lucia, subtly alienated from the local community by her university training, whom he loves briefly and leaves with child when his tour is ended. Surrounding them, or surfacing in memories and dreams, are other border crossers: Mavis, the maid who was closer to Andries than his own mother but whose children he has never met; Frank the misfit 'Suitwester' who honours the ways of the children he teaches; Moyo the herdboyc who becomes a guerilla - and, always present yet barely glimpsed as brief apparitions among the foliage of trees, the PLAN fighters. What is more, the order and dignity of tribal life have themselves been irretrievably fractured by the imposition of puppet 'self-rule' on an ethnically defined Kavango 'nation'. A penetrating political understanding controls the narrative which centres on the troubled mind of Andries. 'The Other' is imaginatively entered and observed without either sentimentality or rancour. This steady calm gaze is the most remarkable virtue of a beautifully told novel"--Annemarie Heywood, back cover.

The first, and most obvious questions, which should be asked are, "What are niggers? Who turned Africans into niggers? When were Africans turned into niggers? Why were Africans turned into niggers, and how were Africans turned into niggers? These are the questions, which this book

endeavors to answer. Although this book talks about White Supremacy, and the effects of White Supremacy on Black people, this book is not about White people. This book is not about blaming White people, or having any hatred for White people. "Blame and Hatred are distractions," and when we spend our time blaming and hating White people, we are wasting valuable time; time that could instead be used to improve, and empower us as a people. Black people must awaken that "Spiritual Afrakan" inside of them!

The Road to Success : a Spider Web Doctrine Haymarket Books

The classic work of political, economic, and historical analysis, powerfully introduced by Angela Davis In his short life, the Guyanese intellectual Walter Rodney emerged as one of the leading thinkers and activists of the anticolonial revolution, leading movements in North America, South America, the African continent, and the Caribbean. In each locale, Rodney found himself a lightning rod for working class Black Power. His deportation catalyzed 20th century Jamaica's most significant rebellion, the 1968 Rodney riots, and his scholarship trained a generation how to think politics at an international scale. In 1980, shortly after founding of the Working People's Alliance in Guyana, the 38-year-old Rodney would be assassinated. In his magnum opus, How Europe Underdeveloped Africa, Rodney incisively argues that grasping "the great divergence" between the west and the rest can only be explained as the exploitation of the latter by the former. This meticulously researched

analysis of the abiding repercussions of European colonialism on the continent of Africa has not only informed decades of scholarship and activism, it remains an indispensable study for grasping global inequality today.

Between the decline of the labor movement, the aftershocks of the falls of so-called "actually existing socialism," and the long exile of even social democrats from the levers of real power, we have gotten far too used to thinking of leftism as a performative exercise in expressing our political commitments rather than a serious effort to achieve left-wing goals in the real world. The present study is an attempt to place in historical perspective the relationship between early capitalism as exemplified by Great Britain, and the Negro slave trade, Negro slavery and the general colonial trade of the seventeenth and eighteenth centuries. It is strictly an economic study of the role of Negro slavery and the slave trade in providing the capital which financed the Industrial Revolution in England and of mature industrial capitalism in destroying the slave system.

James Baldwin, William F. Buckley Jr., and the Debate Over Race in America Routledge

National Bestseller Nominated for the Academy Award for Best Documentary To compose his stunning documentary film I Am Not Your Negro, acclaimed filmmaker Raoul Peck mined James Baldwin's published and unpublished oeuvre, selecting passages from his books, essays, letters, notes, and interviews that are every bit as incisive and pertinent now as they have ever been. Weaving these texts together, Peck brilliantly imagines the book that Baldwin never wrote. In his final years, Baldwin had envisioned a book about his three assassinated friends, Medgar Evers, Malcolm X, and Martin Luther King. His deeply personal notes for the project have never been published before. Peck's film uses them to jump through time, juxtaposing Baldwin's private words with his public statements, in a blazing examination of the tragic history of race in America. This edition contains more than 40 black-and-white images from the film.

FINAL IDEAS

The special narration style, relatable characters, and story twists make it a beneficial enhancement to your shelf. So, if you're searching for an exciting read, Capitalist Nigger is absolutely worth thinking about.

REVIEW OF CAPITALIST NIGGER

- I bought this book, in fact the entire Lord of the Ring series, and it is purely for the joy of having two copies...one for me to hear, and one to share. The reader is an incredibly competent actor with many characters depicted in his repertoire of voices, all unique, recognizable and intriguing. His

background and accent are perfectly suited to the special Tolkien world and its creatures, and each book in the series is a treasure and joy to hear.

- Rob Inglis has quite a talent: wonderful voices, and fluid, easy to follow storytelling. I would recommend this audio book with two thumbs up.
