## **REVIEW OF SONY WALKMAN NWZ E453 USER GUIDE**

- This book is a short read, and easy to follow. Getting started is fairly painless, and following the program is extremely easy. I didn't have to change anything about my lifestyle. Simply just the way I do my banking. The \$25 book will pay itself a thousand fold over and over again. When I pay off my mortgage I will have saved over \$90,000 in interest. I will be paying my mortgage about 17 years before its original scheduled date. Harj Gill has opened my eyes, and completely changed the way I handle my finances. I've been following the system for almost 2 years and have managed to pay off all of my debt with the exception of my mortgage.

- This is one of the funniest books that I've encountered in some time. All Harry wants to do is take a little boat trip, maybe do some fishing, and relax. If page one is an indication of the things to come, it's not good news for Harry. We see a seagull trying to break open a

clam shell by dropping it on Harry's head. He gets caught in a storm and is stranded on an island with a lot of rocks, a scraggly tree, and an egg. As the egg hatches Harry figures it must be a bizzard, but comes to the realization that it's actually a dragon, a dragon that is continually eyeing Harry going

"Mmmmmmmmmmm". The ending is a delightful twist and a valuable lesson is learned--there are fates far worse than death. Don't pass this book up. A good number of titles out there can have the reader laughing on the first page but, can't deliver. This one does. Poor Harry!!!
