And if you ever before need help locating the excellent publication, our educated team is below to supply individualized recommendations.

## REVIEW OF THE PILLOWMAN A PLAY

- I used to hate Mr. Lucas. When Ep 1 came out, I was pulling my hair out. When Ep 2 came out, I was almost as angry. After reading Ep 3 and then going back and watching those movies again, I have to say that it makes these two movies sooooo much better. I now only have 2 complaints about Ep 1 and 2: Jar Jar Binks and stilted love dialogue between Anikan and Padme. Ep 3 doesn't improve on those any. However, when we hear little

Annie in Ep 1 talk to his mom after reading Ep 3, we realize that even at this young, innocent age he was already on the dark path to destruction. Those lines were written that way for a reason. Now we didn't need dancing Greedo, but everything Annie did makes sense now: from crying over his mother to his improbable destruction of the Federation capitol ship. Also, Qui-Gonn Jin's outlook makes sooooo much more sense now. Living Force? What the heck are you talking about? Well, we learn, and it both makes sense and fills other holes in Ep 4, 5, & 6. To be sure, I can see places in the book that will probably seem very stupid in the movie, given how Annikan acted in Ep 2. I'm not sure if Hayden's delivery will be goo or good, but past experience says goo. On the other hand, the extensive content of story should be enough to overshadow bad acting by said personalities. This book is the early (1,2,3) trilogy's salvation, and only makes the latter trilogy better.

- This review pertains to the unabridged audio cd version of this book, read by J. Davis. If you, like me, enjoyed the movie this book will give you a much greater appreciation for the story. While the action scenes and fight scenes are much better when viewed on screen the plot and character interaction is much better in this book. Matthew Stover, the author, really provides a lot of background information the movie did not have the time to explain or explore. For example, readers will learn much more about Count Dooku's past, his motivation to become a Sith lord, and his fighting technique, style and powers. The movie just didn't have the time to provide viewers with all this info. Fans of Star Wars and or Count Dooku will really appreciate this glimpse

into his character. Another example of character development would be Obi-Wan's and Anakin's relationship. While the movie did an adequate job of conveying both their friendship and their mistrust of each other, this book really develops these aspects of their relationship. This increased understanding of their relationship adds even more emotion to their final confrontation at the end of this story, as well as more emotion to their conflict in "A New Hope" (The original Star Wars movie). Another treat was learning more about the mistrust the Jedi Council had for Palpatine and even more about how they were unable to understand what was happening around them. Palpatine and Anakin had more detailed conversations and these detailed conversations made it easier to understand whom he chose to support and whom he chose to betray. Next to the extra detail about Count Dooku I would have to say the additional information about Mace Windu was not only a treat but much needed information. In the movies not enough time was given to his character. We were told he was powerful but we never got to see him behave in a way that indicated just how much more powerful he was when compared to other Jedi's. Well Stover really adds some important background information about Windu

and much more information about his Vaapad form of Jedi fighting. Also, the movie does not make it clear as to who won the initial fight between Windu and Palpatine. Many fans wonder if Palpatine was staging the end results or if the fight was real. Stover's additional information really answers that question. Stover also clears up another sticky point, at what point Anakin arrived at the fight between Palpatine and the four Jedi, including Windu. I could go on listing all the additional information that Stover brings to the table in this book but I think those reading this review will get the point. Personally I would suggest watching the movie first and then listening to this book or reading it. The movie is, obviously, much better at providing visuals and sounds. The fight and action scenes are better when viewed than when read. This is why I suggest watching the movie first, the reader/listener will have the basic imagery and sounds in place when he/she reads/listens to this book. Lastly, a special thanks to J. Davis, he provided the reading for the unabridged cd edition of this book. Considering all the characters he has to provide distinct sounds and characterizations for he does more than an adequate job. This cd edition also includes the expected sound effects. If your auto is equipped with a cd player I would really suggest purchasing or borrowing this version of the book.
