REVIEW OF FIELD GUIDE TO PHILIPPINE MANGROVES 3 43 MB ZSL

- If you liked "The Bride" or "The Wedding" (both by Garwood) this is a must read! We meet again in this novel Iain & Judith Maitland, as well as Ramsey and a new cast of friends. This book will make you laugh and cry with the characters. They hero and heroine are so vivid they almost seem to walk right out of the pages to tell you their story.

- These books were required reading in my 7th grade Reading class, and I remember them quite fondly. I was hooked from the first novel, and traveled on the journey to the climatic end. These books are unlike anything you'll find anywhere else, I guarantee that. Nor will you easily forget them either. The characters are lovable, weird, distasteful, kind, and overall unique. The plot is unpredictable and different, which makes it a particularly refreshing read amongst the has-beens and copycat authors of today. Highly recommended for middle school and up, though to fully appreciate it you'll probably need to be a high school level reader. Very well-written and memorable.
