Bear in mind, checking out evaluations can aid you make educated choices regarding what to check out following and can subject you to new authors and categories you may not have actually taken into consideration previously.

REVIEW OF MENTOR HANDBOOK HULL

- In essence, the entirety of the Prydain Chronicles is a journey, Taran's journey from boyhood to manhood. Well, "Taran Wanderer" traversed a mile of the journey with a single bound. After "Castle of Llyr," we know that Taran is pretty obviously bonkers-in-love with Eilonwy, but since he's an Assistant Pig-Keeper and a Princess, he doesn't plan to ask her until he can discern who he is, in terms of rank and birth (she'd probably think he was nuts to think this, and make some amusing comparison, but she sadly doesn't appear in person in this one--warning to Eilonwy fans). Taran first travels to the Marsh of Morva to ask for advice, then sets out on his journey with Gurgi, who shows the levels of his faithfulness in this story. He comes face-to-face with amorality, selfishness, greed, and various other human failings. But Taran manages to handle them all with grace and wisdom..... until he meets a crippled shepherd who might just be his father. After he meets the shepherd, Taran's journey becomes far more mature. He is forced to face his own failings and his own beliefs about whether he would be worthy for Eilonwy, as he tries to change his life. Is Taran a prince? Or a prince among men? And which matters more? Such favorites as King Smoit (a personal fave of mine--his last scene with Taran is wonderful), Doli of the Fair Folk, and Fflewddur Fflam appear in this book, but it's really Taran's story, with a good dose of Gurgi thrown in. This takes all but one step toward adulthood--the last step is taken in "High King." Taran is one of the most unique and sometimes haunted heroes in fantasy literature, for children or adults. His journey of self-discovery is amazing, truly amazing. Why this book never won a Newbery is beyond me--it doesn't have a lot of swords clashing or involved battles. It's a journey of the heart, and possibly one of the finest books I've ever read.

- The Crucible is the first Arthur Miller play I've read. The plot summary and reviews I read made it seem appealing, suspenseful if nothing else. But no matter how great something is, it is nearly impossible to convey those feelings in the form of an Amazon review. It's easy for me to admit that after reading the introduction I was turned off by the language, not esoteric enough to be genuine 17th century English and not terse enough to be mid 50's language, the intro exists in a world in between the two describing the key characters in the play and the setting which it is taking place. Having decent knowledge of the Salem Witch Trials and how Miller correlated the tragedy to his experience with McCarthyism during "the red scare." Miller's details are so personal that it almost seems like this is a first hand account of the trials. The play evolves under perfect dynamics the exposition is descriptive but not boring, the main conflict had me at the edge of my seat grimacing in Proctor's pain and burning with hatred at the injustices being executed. Finally the climax brings arrays of the human emotional spectrum into a pleasing and redeeming conclusion. Overall this is the best American Play I have read, although my knowledge of American playwrights is limited I would venture to say that Arthur Miller is a genius and that this play is one of the crowning achievements of American Drama.
