So what are you waiting for? Beginning your Spot Plays Football downloading and install journey today and experience all the benefits and ease that the digital world of publications needs to offer!

REVIEW OF SPOT PLAYS FOOTBALL

- First, please disregard the star rating. I had to choose something, but in this case, it's meaningless. I read Portrait of

the Artist in college and found it absolutely wonderful. It influenced me to change my major and, to a degree, my life. I was sure then, as I am now, that Joyce is one of the greatest writers I have ever read. I therefore tried to read Ulysses several times, including just recently, and each time hit a wall after a few dozen pages. My most recent attempt was assisted by an extrinsic aid that summarized the chapters and elucidated some of the obscure references. I was determined to make a go of it; I pictured myself wallowing in a warm bath of self-satisfaction at having completed the book, and being able to mention to others (casually, of course) that I'd read it. I failed. I have read my share of stylistically difficult novels, and consider myself reasonably well

educated. I could doubtless plow through the book with gritted teeth, determined not to let it get the better of me, but life's too short. I surely can't say it isn't a great work of literature (particularly since I've made barely a dent in it), but I would venture to say that you should not even try it unless you are prepared either to devote a few months of close study, with reference materials, or to miss eighty percent of what the author was trying to say and do. I can also say that I think it unlikely that you will genuinely enjoy the book unless you derive inherent satisfaction from conquering a difficult task, or are a scholar of literature of this genre. Not a beach book.

- An independent discovery of self and matter rarely comes in such obtuse and atmospheric prose as Ulysses does. The most spinalcrushingly dense text this side of the Marquis De Sade and Rabelais, Joyce evolves the subconscious greatness of Bloom by using thousands of references from 20th Century Industrial Europe and weaving them into million mile high levels of plot and thought. Joyce carries subtlety and grace with each poetic sentence and each step of character development; you don't just read, you experience, you live within this world. Immerse yourself in the essence that is Ulysses, whether your teacher assigns it to you or not
