REVIEW OF IF YOU GIVE A CAT CUPCAKE LAURA JOFFE NUMEROFF

- it's hard to believe we haven't gone back to the Moon, after seeing these photographs
- While taking care of a three and half year old boy who got sick with a stomach bug over the holiday weekend ~~ I needed something light to read in between laundry duty and dishes and

nurturing a little boy. I picked this one up and was engrossed into the story till 1 a.m.! It's been awhile since I've been able to do something like this! This is probably my first Kristin Hannah book ~~ and I was leery of picking it up since I am on a roll with my nonfiction reading. I am glad though that I picked it up! It's been ages since I have laid in bed and finished a book in hours! This book is about Angie who returned home to her small town after leaving a high profile advertising career in Seattle. She just went through a divorce ~~ not a bitter divorce, just a very sad one. She had given up her dreams of having a baby after suffering for years with

miscarriages, infertility issues and losing her little baby, Sophia. She comes home to where her family is and rediscovers her dreams. Lauren, the other main character in the story, is a loveless seventeen year old, who has worked very hard in maintaining a scholarship at the local private school. She works full time after school and is dating the star of the football team, David. Lauren and Angie discover one another and helped each other to heal. It is a beautiful story ~~ lots of promises and hope and joy. There is sadness and tears but it is a happy ever ending story ~~ which is what I like to read once in awhile! The scenery and the food descriptions sound wonderful ~~ and it

sure is a great escape novel! =0)This is a perfect read for any time, especially in the summertime when it's hot out and you need to keep still to keep cool! I plan on reading another one of this author's books if I see them around!5-30-06
