Fragile Power provides you with the knowledge, confidence, and power to improve your leadership performance and achieve your goals in life, business, and sport. However, 'power is fragile' and should be used sensitively, tactfully, cleverly, empathetically, and wisely to succeed. This book, the author's fifth, is a business autobiography covering his 60-year career and delivers 40 Case Histories and Leadership Lessons learnt from his experiences with Caltex Oil, Collingwood Football Club, L'Oreal, Wurlitzer, Ford, The America's Cup, Toyota, BMW, Jetset Travel, HLB Mann Judd, Mercedes-Benz, First National Real Estate, the AFL, and many more. Each Case History delivers five significant Leadership Lessons for your healthier, happier, wealthier, and more rewarding journey in life, business, and sport. George D. Norris is regarded as Australia's first and most experienced Corporate Coach. He commenced his business career at Caltex Oil Australia in 1958 as a Management Cadet and 16 years later departed as Training Manager. He then started his own business in 1974 as a Performance Management and Communication Consultant and in 1995 made the magic move into Management Mentoring and Corporate Coaching. George is well known for his many years on Melbourne Radio 1377 3MP with his daily segment 'Shots of Inspiration' and later Magic 1278, where he presented his daily segments as 'The Life Coach'. His four other books are titled 'Winning with Wisdom', 'Strategies for Success', 'Quotes and Words of Inspiration' and 'Moments on Management'. George has studied in Germany, America, and Australia. He is a Fellow of the Australian Institute of Company Directors, the Australian Institute of Management, and the Australian Marketing Institute where he was awarded a CPM as Certified Practising Marketer. He has experienced the ups and downs of life, business and sport which have provided remarkable and extensive experience. As a visionary, George uses Nike's positioning statement, and Frank Sinatra's song to say, "I just did it - my way!"

In March 1999, Renault bought a controlling interest in Nissan. Only months before Renault's foray into the Japanese market, Toyota, Japan's most profitable car maker, announced its decision to build its latest European production facility in northern France. Although greeted with less media attention, Toyota's investment decision was equally remarkable. The author analyzes liberalization trends in both the Japanese and the European automotive markets and the reaction of manufacturers to such trends.

Ten months after the assassination of John F. Kennedy, the Warren Commission reported that Lee Harvey Oswald, alone, killed the president on November 22, 1963 in Dallas, Texas. Oswald had no confederates, nor did any foreign power aid him in his deadly deed. Case closed. However, what most Americans do not know is that one day after the assassination, the FBI deported a known French assassin-a member of the militant, anti-Charles de Gaulle organization called the OAS. Jean Souetre was sent to either Mexico or Canada. He was involved in anti-de Gaulle terrorist activities in Europe and even tried to recruit the CIA in his efforts to oust the French President. During his career, he used at least 11 identities, including those of

two real people. Why was a known French assassin in Dallas on the exact day that the president of the United States was killed, and what role, if any, did he play in the monstrous deed? This book delves into three major areas of study: (1) the investigation of Jean Souetre and the two other men whose identities he used; (2) the investigation of the identities of two European assassins, QJ/WIN and WI/ROUGE, and their use in the CIA's assassination unit called ZR/RIFLE-Executive Action; and (3) the role of the CIA in the drug trade after World War II. Chapters include: The First Assassin; The Mafia and Uncle Sam; The Heroin Trail; MKULTRA; QJ/WIN and Patrice Lumumba; The US Senate Select Committee on Intelligence "Assassination Reports"-The CIA and Lumumba; Who Was Souetre?; Who Was Mertz?; The Steve Rivele Investigation; The Guns of Dallas; more.

Croissants and cafe au lait, anyone? Shelley McCleery had hoped to sneak in a little sightseeing on her business trip to France, but hadn't anticipated international art thievery, fake drawings, an incredibly hot heir—or his crazy, yet caring family of Bourbon aristocrats who would like to adopt her, rather than negotiate with her! But Shelley's got a job to do and she's trying hard not to get entangled in the family's domestic dramas. Yet the harder she tries, the more she's charmed by their old-world ways. Will Shelley survive this trip with her mind, heart and career intact? Maybe not...and maybe she just wouldn't mind.... Oooh, la la!

Fragile Power Routledge

Being a web designer, racing driver and generally grumpy individual, Eddie Hall has an opinion on most subject matters and would like to get on his

soapbox and offer an explanation on subjects like why going to school is bad for your education (I spent over a decade of my life in education and what was the most important lesson I learned? That it is a complete waste of time), why people who drive a Nissan Micra should be locked up (they always seem to be the worst offenders on the road), why celebrities will be the death of the human race (most of them have no talent whatsoever and why in the name of Greek buggery do they insist on naming their poor children after fruits of the forest?) and many other unanswerable questions. During the course of ranting about anything and everything, Eddie tries to unravel the mystery behind why the world is such a confusing and frustrating place to live. The contents of this book contain opinions that most people share but few are prepared to admit. You will either find this book amusing or offensive. Either is fine by Eddie! Each chapter of A Certain Point of View is its own satirical rant about a particular subject. Eddie, whose writing style is comparable to that of Jeremy Clarkson, adopts an informal, conversational style that draws the reader in and encourages them to relate to the material, which revolves around today's society and current affairs. It will appeal to fans of humorous books.

This study examines a crucial period in European integration, ending in the early 1990s, when significant progress was made towards the dream of a unified European market. It shows how European automakers were part of these changes and how their influence within the institutions of the European Union (EU) yielded a wide range of policy compromises governing a single European car market. The book begins by reviewing the history of the EU and the logic of regional free trade, and goes on to develop a political explanation for the kinds of changes that actually occurred. The author argues that European automakers enjoyed a privileged place in the political arena, albeit one much transformed by the new institutions of the EU. Therefore, these firms often significantly influenced regional policy outcomes. The argument is applied to policymaking in the important areas of environmental regulation, trade, subsidies, and anti-trust regulation. This work lies at the intersection of business, economics, and political science and is of interest to both experts and non-specialists with an interest in the tremendous economic and political changes brought about by the creation of a united Europe and, more generally, by the worldwide process of regional economic integration. Academics, professionals, businessmen, and leaders in government all have something to learn from the way in which firms and governments combined to build the largest car market in the world. Roland Stephen is Assistant Professor in the Department of Political Science, North Carolina State University.

Building a European Car Market Prentice Hall

The Definitive Guide to Doing Business in Africa For global and Africa-based companies looking to access new growth markets, Africa offers exciting opportunities to build large, profitable businesses. Its population is young, fast-growing, and increasingly urbanized--while rapid technology adoption makes the continent a fertile arena for innovation. But Africa's business environment remains poorly understood; it's known to many executives in the West only by its reputation for complexity, conflict, and corruption. Africa's Business Revolution provides the inside story on business in Africa and its future growth prospects and helps executives understand and seize the opportunities for building profitable, sustainable enterprises. From senior leaders in McKinsey's African offices and a leading executive on the continent, this book draws on in-depth proprietary research by the McKinsey Global Institute as well as McKinsey's extensive experience advising corporate and government leaders across Africa. Brimming with company case studies and exclusive interviews with some of Africa's most prominent executives, this book comes to life with the vibrant stories of those who have navigated the many twists and turns on the road to building successful businesses on the continent. Combining an unrivalled fact base with expert advice on shaping and executing an Africa growth strategy, this book is required reading for global business executives looking to expand their existing operations in Africa--and for those seeking a road map to access this vast, untapped market for the first time.

REVIEW OF FRENCH CONNECTION RENAULT

- Viki King's small but precious gem has drastically simplified the teleplay scripting progress with us at Talent Industries. King sets up strict time limits for each stage of scriptwriting, making it easy to plan schedules and estimate costs. The greatest thing is that this book has helped us to prove it to certain scriptwriters that writing by a strict schedule is really possible, and can indeed produce some quite saleable results!

- I've read Hambly's fantasy and vampire books, and enjoyed them. Looking through a bookstore in Maine before a research cruise for something different to read, I was glancing through the fiction section and noticed this book. It sounded like an interesting read and since I'd never read anything dealing with a realistic depiction of American slavery, I picked it up. Her writing is as well done as I expected, the descriptions of New Orleans, the plantation, the rural areas surrounding both, are all lush and/or disturbing. The depiction of slavery itself seems spot on also, and learning some of the details of went on made it a hard read in spots, but worthwhile. Her characters are all well differentiated from each other but there are quite a few of them to keep straight, I especially had difficulty with keeping track of everyone in the plantation owner's family for awhile. Hambly is able to write tender scenes, graphically violent events and suspenseful moments with equal skill. While the writing is excellent, the story itself is sometimes hard to swallow. One of the keys to allowing the reader suspension of disbelief is to read the cover where it says "A novel of suspense." It's not really a mystery, as the clues tend to be discovered by the reader and the protagonist at the same time, with explanations as to what the clues mean fairly quickly. The character is somewhat amazing, as other reviewers have mentioned. Many of the scenes read like an action movie. The character always manages to stumble across the major elements of the puzzle even if he's not actively looking for them. This is all more easily forgiven if you realize what kind of a novel it is. Still, it does take away some from the believability of the story which is why I can't give the novel 5 stars. Because of its realistic depiction of slavery and great writing style though, it's on my highly recommended list.
