REVIEW OF PROGRAMMING LOGIC AND DESIGN INTORDUCTORY 7TH EDITION

- I picked up the book and thumbed through it and became so interested I ordered a copy. It is both scholarly and entertaining. A very worthwhile volume about a fascinating part of American history.

- Dr. Richard Eby has experienced many miracles in his life. But his story of life after death changed my life. He falls off a balcony and splits his head open. They rush him to the hospital and thinking he is dead they sew his head up without cleaning the wound. God shows him a glimpse of heaven. Afterwards he cannot remember the the fall. Later God lets him relive the fall to be able to tell others about the experience. A few years later while visiting the Holy Land. He enters the Tomb of Lazarus and everything goes dark. God speaks to him and tells him that he showed him a glimpse of heaven, now he will show him a glimpse of hell. His story is amazing! I saw him on a television show telling his story in 1979. I then went out and bought his book. It gave me the desire to start reading my Bible. Which is the greatest book of all!
