## REVIEW OF DESCRIPTIVE GENERAL ENGLISH

• How do people communicate? When I say I'm "frustrated" - in a particular context, HOW do YOU understand the exact shading of the word? Of course, you understand (if not colorblind) when I say "Robin's Egg Blue". So what do I mean when I say, "I'm feeling satisfied"?How do we learn from birth to use WORDS to express THOUGHTS?How do people communicate? When I say I'm "frustrated" - in a particular context, HOW do YOU understand the exact shading of the word? Of course, you understand (if not colorblind) when I say "Robin's Egg Blue". So what do I mean when I say, "I'm feeling satisfied"?How do we learn from birth to use WORDS to express THOUGHTS?Remember when drunken Aunt Mary once embarrassed you at a family gathering (which you've avoided all your life now...), stating you were always destined to be fat like your mother? Are you fat, or still fearful of it today?How about when Freddy, in the 2nd grade, made some stupid but biting remark about you that even today you remember vividly and you STILL hate dodgeball?What is the power of words, indirect and direct, that affect us, years afterwards? And what about the power of the words we choose today? Can they make us healthier, more attractive, happier? Can we really find that good mate, if we undertsand ourselves first?It's science, you know. And you can easily understand it, and understand what you need to do to improve your communications and your relationships. This tape set is priceless...absolutely invaluable. It's suitable for all groups - all ages. Share it with your lover, your friends, your family.This book is so powerful, I gave separate copies to my children and my spouse. I've gifted several friends as well.My advice: Read SLOWLY. Savor each sentence. Work through the simple exercises in the book. Take your time and let this book come in it's own time, perhaps over a period of weeks. I read as few as 2 or 3 pararaphs a day, and it was very powerful. Somehow I KNEW what was here...but no one had ever put it in such clearly defined terms.Also, get a companion audiobook: An Introduction to NLP Neuro-Linguistic Programming : Psychological Skills for Understanding and Influencing People [AUDIOBOOK] by Joseph O'Connor.Priceless information that tells you HOW to decide for yourself.It's science, you know. And you can easily understand it, and understand what you need to do to improve your communications and your relationships. This tape set is priceless...absolutely invaluable. It's suitable for all groups - all ages. Share it with your lover, your friends, your family.Also, get a companion book: "NLP & Relationships" by Joseph O'Connor.This book is so powerful, I gave separate copies to my children and my spouse. I've gifted several friends as well.Priceless information that tells you HOW to decide for yourself.

• As Frank explains in his introduction "An autobiography is usually written by somebody who thinks his life is truly amazing. I do not think of my life as amazing in any sense - however, the opportunity to say stuff in print about tangential subjects is appealing." So what we get here is part autobiography and part social commentary, both serving to reveal the true genius of this most unique of American composers.What the reader will find is an incredibly amusing look at the life and times of Frank, his family, various band members and groupies, along with his extraordinary insight into the ugly mischief of politicians, businessmen, and religious fanatics who plague his existence. His commentary on those latter subjects is just as relevant today as it was when the book was published in 1988.For those who are not aware of the astonishing creativity of this man, consider that in his chapter on "Failure" he includes a proposal he pitched to Rothschild Venture Capital in the early 1980's for a system that is virtually identical to iTunes. This was almost 20 years before such a system came into being!! am not overstating the case when I say that this book will enrich your life.
