## REVIEW OF USE GUIDE FOR MOTOROLA XT91

- Personal thoughts on a number of really cool travel experiences. Gives a clue as to where he got some of his ideas/inspirations. Made me hate him less for being a Harvard Grad....but had to laugh about him wearing 'new' boots on Kilimanjaro...Cambridge didn't prepare him for much, and this book explains his thoughts around that as well.

- This is a fantastic book for those that are doormats and don't know it! I am a Libra with a Libra ascendant-I was born to be nice and please everyone. I also seemed to attract men with very strong personalities that are described in this book-they always have a "me first" attitude. It is not bad to be nice or want to please others, but it becomes a serious problem when you begin to lose yourself in the process! This book shows several ways we women sabotage ourselves in relationships trying to make the other happy at our expense-and I am embarrassed that I did all of the No-Nos in this book. That was a wake up call for me and I will forever be grateful for Argov to present this in a clear straightforward way! It taught me that, whatever happens in a relationship, I will always be ok because I would take care of myself-I would be in control of myself. Indeed, you show others how to treat you. Argov mentions that men don't "get it" when you simply explain what is wrong. They need proof from you-you showing that you won't tolerate something or that you are not happy about an aspect of your relationship. I believe that many women simply don't understand this because they are working from their emotional centers, not the logical one that men are. This is the reason why the women who is with the man she wants

to marry, but is not changing his immature ways ultimately never gets what she wants because she chooses to stay with him. He is thinking "If things are so bad, why is she still with me?". He therefore sees no reason to change! Indeed, some of the advice Argov mentions is exaggerated, but that is to get the readers attention and to snap them out of their man pleasing ways. Adjust the advice to your particular situation. Don't go practicing her advice in a gun ho fashion. I wish that the author would make that clearer for the readers. Use discernment folks. I also want to say that some of the "men" that would do these things are actually little boys. The men described in this book are the opposite of gentlemen and really, have no respect for women. Although I will get treated the way that I deserve using that advice in this book, I wonder if that is a person I would want to

pursue a relationship with in the first place. I would like to believe that at some point, after you have been a "bitch" for a while, the man actually develops some genuine caring/loving feelings for you and THAT stops him from doing anything disrespectful or hurtful to you-because he is listening to his HEART. So women, you can really win with this book. You won't allow a jerk to treat you badly, but you will also come to a point that you KNOW that person isn't with you because of his heart. Know when to walk away as Argov suggests. I also wish that the author would have stressed to be yourself. Use the advice as ways to IMPROVE yourself, not become somebody you are not. For some women, I understand that you really have to fake it to make it, and that is ok, but over time you should grow into a woman who incorporates the advice in an effortless way with confidence.
