REVIEW OF PAPERBOY

- When one of the smartest security people writes one of the most readable books on the topic, this

required 10 stars. Alas, I can only give 5. This book is so good; I bought a copy for my supervisor.

- I read this novel very quickly (about 2 hours), but it has stayed with me for a long time. It reminds me of a shooting star. A gorgeous sight that comes along once in a blue moon and is not to be missed. And when it does come it holds an impact that with last forever. A beautiful story about a boy who tries to break away from something so right, but later very wrong. This novel reminds me of a poem by Pink Floyd: Overhead the albatross hangs motionless upon the air And deep beneath the rolling waves in labyrinths of coral caves The echo of a distant tide Comes

willowing across the sand And everything is green and submarine And no one showed us to the land And no one knows the wheres or whys But something stirs and Something tries And starts to climb towards the light Strangers passing in the street By chance two separate glances meet And I am you and what I see is me And do I take you by the hand And lead you through the land And help me understand the best I can And no one calls us to the land And no one crosses there alive And no one speaks And no one tries And no one flies around the sun And now this is the day you fall Upon my waking eyes Inviting and inciting me to rise And through the window in the wall Comes

streamin in on sunlight no one makes me close
wings A million bright my eyes So I throw the
ambassadors of windows wide And call
morning And no one to you across the sky.
sings me lullabies And
