REVIEW OF DOS COMMANDS FOR HACKING

- This book was amazing!!! If there is one book that everyone (white, black, latino, etc) should read, it is definitely this book! It is very hard to set this book down once you begin to read it. The scary thing about this book is that it is true. The information about the thousands of African-American youth living in welfare hotels and damaged families are present in the US. After finishing this book, you should be more inspired in help others in need.I love this book and I highly recommend it.

- it was and still has been very helpful to know how the system works and just using the book i have been hitting better than i did before
