REVIEW OF BAIIXAR PARA ONDE ELA FOI GAYLE FORMAN LIVRO PDF EPUB MOBI

- The fourteenth Cadfael book I have read and it was as enjoyable as the first thirteen. I admit that some of the plots have been predictable, but this is easily overlooked because Peters does such an expert job at bringing the 12th century to life, and Cadfael is such an entertaining character. This particular installment happens to be one of the better mysteries in the series. Like the previous thirteen, it is a well-written and finely crafted story, but there are also some clever surprises. It is a cut above the average Cadfael book, but doesn't quite reach the five star qualities of the first two (*Morbid Taste for Bones* and *One Corpse Too Many*) that are true mystery classics.

- This book isn't just a book to pass the time, for those that pay attention to the minor details you can constantly be surprised by how well thought out this world is. This entire series is certain to suck the reader out of this world and entrance you from cover to cover! Sometimes you read about a certain event that seems insignificant but could eventually lead to a surprising twist later in the story, I struggle not to give away anything about the story so as not to ruin the experience for a new reader, but just to clue you in on how good this book is for any fantasy reader searching for the next good book I will say that over the years I have read this book over, and over, and over. As of this review, the count is up to 9 times. and I still get a thrill of excitement and weep with sorrow whenever I read it. This is a definite read for the person seeking the thrill of adventures and the avid fans of any fantasy would be hard-pressed to put this book down!!!
