REVIEW OF AUTOMOTIVE ENGINE TEST EXAM QUESTIONS

- This is the story of a crime in the last century in a rural part of Louisiana. But it is also much more. It includes a fine series of chapters explaining the history of the Acadian people (Begnaud was an Acadian in a whistle stop) and of all the major players and of Louisiana history. In a short set of chapters the author gives us both the history and the interest. By the end I was sorry to see it finish - but I learned a lot about both the "crime of the century" and also the context of the events. It was hard to put down - even when I came to the end. Arceneaux did a thorough history but also took care to make it a fascinating book.

- Practical Magic by Alice Hoffman. Is a book about magic,love and trust. it is one of the best books I have ever read Alice Hoffman is a great writer.The movie does not do the book justice.Seeming as it does not cover everything in the book, and makes up a few thing's.
