REVIEW OF ESSENTIALS OF ECONOMICS THIRD EDITION

- Excellent book for the beginners. Simple and well organized. It comes with a CD for practice. I recommend it very highly.
- A friend recommended this book to read and I am so glad I took her advice. With all of the awful events happening on 9/11, it was wonderful to read about such uplifting and heartwarming stories. That there is such a warmth and community spirit still alive on this earth truly gives one hope for the future. In addition, it was interesting to read about all the "down-stream" results of the events and how they impacted individuals that weren't even in the U.S. at the time. I had not thought through people being stranded in places ill-equipped to handle the masses and all the support (diapers, toys, prescriptions, etc.) needed to see them through. It was well written and a true joy to read. I would highly recommend this book to anyone.
