Keep in mind, reading evaluations can aid you make notified decisions about what to read following and can subject you to new writers and categories you might not have taken into consideration previously.

REVIEW OF GRADE 12 GEOGRAPHY PAPER MARCH 2014

- This book holds up well, as the 90's on Wall Street make the 80's look like a bear market! Greed has just moved to the suburbs and purchased a sport utility vehicle. A fascinating read, gripping, and with a plot that predicted the front page spiced up by Tom Wolfe's original and witty observations. By the way, I met Tom Wolfe on the Delta shuttle soon after this book was published, and what a gentlemen. He couldn't have been more gracious as I nattered on about Bonfire and some of his other books. Tom, another book please!!

- This is by far the worst textbook I have had for any class. As a graduate student in mechanical engineering I suggest anyone who thinks to use this book to avoid it. Bejan is the most arrogant writer I have ever seen. He cuts the most complex areas of his proofs out of the book, plus there is not a single example in it. THIS BOOK IS HORRIBLE.
