Bear in mind, reading testimonials can help you make educated decisions regarding what to check out following and can subject you to brand-new writers and genres you could not have actually thought about in the past.

REVIEW OF BASIC WIRELESS LAN CONNECTION CONFIGURATION EXAMPLE

- I first read this book when it came out, at the time the O. J. Simpson story was just breaking. It was PERFECT timing - offering insights into how otherwise highly-successful people can have darker sides show up in their lives unless they periodically renew themselves and take stock - what might be called taking an "internal audit" of oneself. I've often thought the title for this book could have been "The Shadow Side of Success." I highly recommend this book for anyone who's in a position of influence, power and responsibility (or who WANTS to be). The author has included a rich assortment of ways one can avoid the egoic pitfalls of success and fame - a real MASTERPIECE! John Renesch, author, Getting to the Better Future

- When this book was recommended to me, the person used words like "horrifying," "tragic" and "real." Having now read it, I can think of only one word to describe it: boring. "Billy" is a tedious read. There's no doubt that its premise is horrible (there aren't many things worse than hurting an innocent child), but Strieber is incapable of giving it its due. Strieber fails at characterization and creating drama from an obviously dramatic set of circumstances. Instead of making us feel Billy's fear, Strieber gives us ridiculous situations where people act like humans never would. It starts right at the beginning. Billy (who shifts from extraordinary precociousness to childlike naivete throughout the book) wakes his father in the middle of the night to tell him that he sensed someone was hiding in their basement and then saw someone run from the house and hide beneath a tree. So what does his father do? Does he call the police? Does he go outside and check? Does he look at the storm door which is barely secured to see if anyone's opened it? No. He tells Billy not to worry about it and to go back to sleep. Later Billy is being driven by his kidnapper on the highway. Barton, the man who takes him, gets distracted and gets into a minor accident. When the man in the other car approaches their van, Billy begins to scream and shout and say he's being kidnapped. Does this person call the police? No. He does nothing. These false, completely unbelievable scenarios continue throughout the novel. At one point Billy escapes Barton's house, but somehow fails to notice that the car he flags down is being driven by Barton dressed as a woman (all he did was throw a wig and dress on). Even in the car, he still doesn't realize it's Barton. Is Strieber serious? Later still they find out who Barton is and know he's the man who took Billy. The local police tell Billy's family that they probably won't get much help from the police force in California (where Billy and Barton are) or receive much airtime from the news there. What planet are we on? If the police and media knew a man had kidnapped a child, they would do everything they could to find him, and his face would be on TV all day long. I usually read books like this because I want insight into the evil person. I can't comprehend hurting someone. It's just not my nature. So I want to know what makes these people tick. We know from former profilers like John Douglas that people simply do not wake up one day and become serial killers. There are key moments and events in their lives that set a path for their sickness. With Barton we get a man who was laughed at by his peers when he was a kid, sexually molested by his father and physically abused by his mother. I'm not saying this isn't a lethal cocktail that would scramble a person's mind, but it's so textbook it's almost cliché. I wanted to know more about Barton. He's completely disgusted by what he does, and by what his parents did to him, and yet he is just like them -- a sadistic and sexually perverted person. The worst part of the book is anything dealing with Billy's parents. The scenes of their grief -- waiting by the telephone hoping that Billy isn't dead -- is rendered so melodramatic by Strieber that it almost becomes comedy. It's staged like some overheated Tennessee Williams play. It's so easy to identify with their sense of loss and regret and yet Strieber bangs on these scenes like a gong, making them tiresome and ridiculous. Now that I've read this book I'm shocked by the glowing quotes by the likes of Peter Straub and Oliver Stone and the favorable reviews here. Simply having a gut-wrenching premise doesn't make a book good. You have to actually do something with it. Kidnapping and hurting a child is clearly a heinous crime and it's the type of thing that leaves you mystified by the cruelty that exists in some people. But Whitley Strieber isn't able to bring across any of that in what is a slim slog of a novel.
