REVIEW OF STATISTICAL TECHNIQUES IN BUSINESS AND ECONOMICS 14TH EDITION SOLUTIONS MANUAL

- Lois Lowry does not give us the perfect society, she gives us a

society of everyday people who have become morally lazy because they live in a comfort zone. I read this book in junior high and loved it. It's a novel about sacrificing emotions, art, and morality for the comfortable life. The characteristics and crimes of this supposed eutopia are intriguing. Lowry has an impressive imagination and vivid writing style. Her original take on the eutopia topic will be well appreciated by everyone from age 11 upwards.

- I think The Giver by Louis Lowry was a great book. If your an imagintve person this is the book for you. This book makes you curious. This book leaves you off your seat. It's a book that makes you think. It's a comuunity that you would never imagine. I guarentee you'll love it.
