REVIEW OF QUESTION PAPERS NURSERY CLASS WITH PICTURES

- "A Tree Grows in Brooklyn" tells the story of a young Irish-American girl growing up at the turn of the 20th century. Her father is a romantic man, with musical gifts and a tendency to drink. Her mother is a practical woman, who raises her children with tough love, and works as a janitor. The protagonist, Francie, is part of an extended family each member richly drawn, and as she matures, her world evolves from the stoop of her tenement to school to college and the workplace, all seen with her unique slant. I first read this book in fourth grade, and it is one that say, unlike "Catcher in the Rye" matures nicely. What moved me then, moves me now, and the author does that rare thing, gives each and every character his/her humanity. While the book is chock full of "Oprah" topics, such as alcoholism, sexual abuse and poverty, the characters are drawn as more than their various vices, far more. The protagonist at one point is chided for writing about "sordid" subjects by her English teacher, yet she quickly realizes that honesty as a writer is more important than fancy phrases and made

up fantasies. So does the author. Highly recommended.

- Great view of the life in Brooklyn with

it's seedy side and the warmth of the family relationships and the close family structure.
