REVIEW OF EXPECTED LIFE FOR FORD LEHMAN DIESEL ENGINES

- I feel like I can relate to the main character, Tina. Her husband ignores her and has become a snob with success. Her children are involved in their own social lives. She has many phobias which I can relate to.

- This item came in perfect condition still wrapped and in its box. It was exactly what I thought it would be from the description and I am completely satisfied! The only problem was that shipping took a while, but I guess that is only because I ordered it around the end of the Holiday season.
