REVIEW OF ROMEO JULIET STUDY GUIDE ENGLISH 9 MRS ADAMS

- There are a few books I think should be required reading for school children. This book is one of them.

Not only should this book be required reading in schools, but in corporations as well. I would hope that reading would lead to study, and then application of the principals Zig presents. As Zig states early in the book, you don't have to apply what he is going to share. But it is of immense value to at least consider what he shares. Please take the time to read this book at least once. It will be worth many times what you spend.

- Wordcraft: New English to Old English Dictionary and ThesaurusIf you only know Shakespeare by the fact that he existed and was a play writer and you decide that you want to read one of his history plays and the history play that you pick happens to be

King Henry IV part one then just reading the text alone will be extremely confusing. Barbara Hodgdon has done an amazing job editing this play and her notes are extremely helpful besides her explication of this play there are historical graphics and historical maps that will help you when reading or seeing the works of Shakespeare. This book is more than a college textbook, it is enjoyable historical reading. Craig Barr.
