## **REVIEW OF PRENTICE HALL BIOLOGY CHAPTER 1 ASSESSMENT ANSWERS**

- This is a must read for any fiction reader, not just romance. I have re-read this book four times since it was published and still enjoy it. If you have never read a Garwood book, I would start here, then read *The Bride*, *The*

Wedding, and the complete set of For The Roses series.

- I'll skip the synopsis since many of the reviews have already thoughtfully provided them. :)After reading The Secret, I knew I just had to pick up its sequel. Brodick was such an interesting character. I feel as though this book dulled Brodick's personality. Throughout the book, I kept hoping that Julie Garwood would show more facets of

Brodick's character. Also, I was hoping that she would provide more details about Ramsey and how he found love. The brief glimpses you see of Ramsey and Bridgit are the same scene on repeat. It'd be better if she took out Ramsey's story or make another novel out of it. It would be much more appealing. I'm not saying that this isn't a great love story. It just lacks some of the finer points that have been in her other novels.
