REVIEW OF MCQ QUESTIONS WITH ANSWERS IN JAVA HUIMINORE

- "Bobby Kennedy The Making of a Folk Hero" is a very well-written biography on RFK. Endless speculation abounds over what might have happened during the 1960s-1970s had he been elected. We may never know, but the reader can know more about his life in this great biography. Among the points covered include: 1. Early life and relationship with father, mother, brothers, and other family members (he was obviously very loyal to them). 2. Search for meaning in life and aimlessness of his early years. 3. Experiences as Attorney General, Attorney, Presidential Candidate, and other roles. 4. Involvement in the Civil Rights Movement, especially when James Meredith was the first black student accepted at the University of Mississippi. 5. Campaigning for President. The narrative flows freely and you can really get a sense of what Bobby was feeling in certain events (JFK's assassination, Martin Luther King, James Meredith, Bay of Pigs, JFK's campaigns, etc.). A great read on a person who could have really been used to change America (some say for the better, others say for the worse). Highly recommended.

- Charlie Smith is a master wordsmith. With mere words on a page, he is able to do what so many other respected, talented, and successful writers are unable to do: teleport you not just into another place filled with other people, but into an idea. Fifty percent of any Smith book is theme. Just as we spend so much of our day feeling things abstractly, taking in smells that conjure up long lost memories, and existing in what feels sometimes like a void; Charlie Smith unleashes this part of his characters. Will

Blake is a Hollywood actor birthing himself out of his existential crisis and can see and finally accept, distantly, the beautiful in the terrible. The end result is sweet, dark, scary, and insightful. I found myself rereading passages just because I wanted to. I began to dream about the people and the cities and the colors of all the flowers that populate Chimney Rock. Its the kind of book that reveals the true power of a gifted writer. On the other hand, Charlie Smith is not for everyone. Inexperienced readers need not apply. If a good yarn is all your after, have a friend tell you the

story. Charlie's prose is difficult. His sentences are long and crooked. They sometimes form into chains that lead to dramatically different places than they began. A man may walk into a restaraunt and say hello to a woman, but her response could occur three pages later with this type of writing. Its lyrical but indirect. Or, direct spiritually, but not narratively. Nonetheless, its the difficult roads that lead to the grandest rewards.
