### REVIEW OF FLINN SCIENCE LABORATORY SAFETY TEST ANSWER KEY

- This is very edgy, and goes well with the rest of the Block collection. This is one of my favorite books, and I will keep it FOREVER. Her seductive, healing writing, leads you into the lives of Mab, and Barbie. Offering a very blunt, depressing look at a teenage girls life, this book doesn't just leave you feeling miserable. The end is cleared up with a healing, empowering discovery, that is NOT cheesy. In fact, it leaves you questioning the entire story. Did Barbie go crazy and invent this perfect world she finds herself in...or is it true? The surrealism perfectly melds with the hard-core reality of the book, and you MUST HAVE IT, I guarantee it.

- I really liked the book I Was a Teenage fairy because it really relates to the things that actually happen in high school to a lot of teenagers. In this book there was a girl named Barbie and she had a fairy the size of her pinky named mab. Mab helped Barbie out on a lot of problems that she has in the future
