Kennedy, Johnson and the Defence of NATO is an incisive reassessment of Anglo-American defence relations, which form a crucial part of international security. Andrew Priest closely examines this key relationship by focusing on the so-called Nassau agreement of December 1962. He clearly places Nassau in its context and shows how multi-level collaboration continued between the US and UK in NATO despite growing tensions over American involvement in Southeast Asia and Britain's global role. Firstly, he shows how agreements made between Presidents and Prime Ministers shape alliances in by encouraging interaction between politicians, government officials and military personnel at various levels of formality. Secondly, by focusing on the NATO area, he assesses US-UK attitudes to European and North Atlantic defence. Traditionally, studies of US-UK relations at this time have tended to concentrate on developing difficulties between Presidents and Prime Ministers (particularly Harold Wilson and Lyndon B. Johnson), over global issues. This study demonstrates the 'dynamics of alliance' through a nuanced approach at high-political, official and 'working' levels, across different administrations in the US and UK. Although more recently some authors have successfully integrated such a 'multi-layered' approach particularly to studies of nuclear affairs, they have tended to treat the 1962 Nassau agreement as something of a dénouement. This book will be

essential reading for students of US foreign policy, British foreign policy, Anglo-American relations, European-American relations and the history of NATO.

The Papers of H.T. De la Beche (1796-1855) in the National Museum of Wales Oxford University Press

The Oxford Handbook of Criminal Process surveys the topics and issues in the field of criminal process, including the laws, institutions, and practices of the criminal justice administration. The process begins with arrests or with crime investigation such as searches for evidence. It continues through trial or some alternative form of adjudication such as plea bargaining that may lead to conviction and punishment, and it includes post-conviction events such as appeals and various procedures for addressing miscarriages of justice. Across more than 40 chapters, this Handbook provides a descriptive overview of the subject sufficient to serve as a durable reference source, and more importantly to offer contemporary critical or analytical perspectives on those subjects by leading scholars in the field. Topics covered include history, procedure, investigation, prosecution, evidence, adjudication, and appeal.

*Public Papers of the Presidents of the United States*

The third edition of this classic volume integrates the idea of balancing tourism with protection of the resources upon which it depends. The text stresses the role of the community, identifies potential pitfalls, and raises issues of developmental ethics. It includes topics such as environmental impact, sustainability, and ecotourism. Special emphasis is given to the growing need for business to implement environmental protection and ecological integrity as an essential part of economic development. The book is filled with many sketches, functional diagrams, and photographs.

Bear in mind, reading evaluations can help you make educated decisions about what to read following and can subject you to new authors and styles you may not have thought about in the past.

### **REVIEW OF NOVEMBER PAPER TRAVEL OFFICE PROCEDURES N5 2013**

- The Handmaid's Tale presents an all too morbid future where gender roles are clearly defined with women restricted to menial labor, devoid of freedom, intelligence, and equality. The idea in itself was powerful and made me think for nights on end. This book is essential, absolutely essential for gaining respect for freedom, democracy, and equality. Advocating feminism, I do not think Margaret Atwood could have done a better job in revealing the endless depression and utter embarrassment that would result in a sexist society. Atwood's approach in presenting the atrocities is absolutely brilliant. I read in complete awe as Atwood described restrictions on objects that I could never have dreamed of. The piece is just so clever in setting up tone. Atwood thinks of every situation that

would maximize embarrassment and further degrade her characters. Her words, tone, even syntax helped to convey the truly dismal atmosphere. The stories, events, and character struck cords in my heart and I truly felt the pain and sorrow of the characters. There were many devices she used that I thought were completely brilliant. In her fictional dystopian community, Gilead, Atwood provides sexists their utopia. Women are chained to their menial labor and surrender their bodies to them at the will of the men. By creating what sexists really want in a society, Atwood cleverly highlights the countless flaws in this supposedly utopian society. What was also brilliant was her use of biblical allusions. Each allusion was well thought of and held significance in furthering the book's theme. From the name of the city, Gilead, itself to the names of certain handmaids, allusions were ubiquitous. This novel is beautifully written. Atwood's fictional world is so well described that it seemed eerily real. Her characters were all very well developed and very interesting. Her protagonist was believable and readers instantly share a connection. The imagery found in this novel is also frighteningly vivid. As I was reading this novel, I could not help but notice that I felt as if I were in a bad nightmare. The style and tone was lively and just a joy to read. This novel was deep and was worth every second of my time. Its clear descriptions of the mistreatment of human life mimicked stories of people under the mercy of Hitler or other powerful dictators. This book advocated not only for an end to sexism, but a call for virtues. The Handmaid's Tale serves as a constant reminder for what we must fight for: freedom, liberty, and equality. Her fictional government really scared me and left me very thankful for the present condition of the world. Bold, horrifying, and very insightful, the Handmaid's Tale is a first rate novel that I would not only recommend, but insist others to read.

- I picked it up because of an article about it being banned for high school. The reasons it was being considered banned, adult content, I have not really found to be the case, but I do not think it is a good book for a high school student. Mainly it is very slow and boring. The main characters life is boring and the author does a good job bringing that across in the book. When you have nothing to do for most of the day you tend to day dream or fall back on old memories and that is what a great majority of the book does. It makes for an interesting read if you can get past the slowness and the constant flash back to a better time.
