REVIEW OF PUSHDOWN AUTOMATA EXAMPLES SOLVED EXAMPLES JINXT

- I Loved the first books. I waited a long

time for this book. It is a major disappointment. Why does the author assume that no one has read any of the previous books? I'd like a new story instead of just a rewrite of the old ones. The pages of introductions between characters are boring. Can't Auel think of any new stories? She starts a few then just leaves the reader dangling. Ayla and Jondalar and even Wolf become tedious and uninteresting. I'm sorry I wasted my money on this book.

- I couldn't bring myself to get past the first hundred pages. The writing is repetitive and oversimplified. I felt like I was reading a grown up "Dick and Jane". I won't go to see movies like "Dumb and Dumber" and I don't read novels written like The Shelters of Stone. I loved Clan of the Cave Bear...but this...Oh no, Mr. Bill!
