REVIEW OF INTERNATIONAL SAP CONFERENCE ON ASSET MANAGEMENT

- As author of Champagne Romance (Action Romance Novel) "Clan of the Cave Bear" was one of the most unique plots that I've ever read in a novel. This is truly a special novel about Ayla's childhood journey when she is separated from her family by a natural disaster and adopted by the Clan.

- This is the first novel I ever read way back in middle school. Yes, it was a little mature for me, but I fell in love with the story, no, legacy of Ayla. I'm in college now and the entire series is still simply sensational to me! Her strength, determination, and modesty is an example for us all. Whenever I have the urge to read something and have no new novels, I return to this or one of the other novels in this series. It keeps my memory fresh for when the fifth comes out. And by the way...I've been very patient for the fifth <more so than anything else I can remember> And would be so very delighted to see its release.
