REVIEW OF MPSC BOOKS DVD PAPER SOLUTION IN MARATHI ENGLISH INDEX

• Although I happen to love SF, I cannot understand why Dune is considered one of the greatest of all times. The first half was great, but the last part was totally different. It seemed as though Paul transformed into a completely different person with different morals. In addition, the plot was way too complex. After all, a few twists add to the plot, but an entire book full of them merely confuse. Despite all of the praise, I found it to be confusing and boring.

• Everyone kept telling me for years to read this book. I've always thought it to be deep science fiction so I held out. I finally finished this book and I was flabbergasted at how good it is. Excellent and exciting read.
