REVIEW OF 6 FRONTIER REFERENCE GUIDE

- Having some familiarity with the Episcopal Church, with the life and character of priests, and with the work of Reynolds Price (much admired by me in the past), I took up this novel with great interest and high expectations. I was sorely disappointed. Mr Price seems remarkably unfamiliar with Episcopal theology and practices--for example, when he's discussing Communion (Episcopalians believe in the Real Presence but don't confuse it with transubstantiation; they don't talk about "pouring" communion) and even the benefits of the Church Pension Fund. And where were this priest's bishop and other clergy? More importantly, the characters' speech is about the worst I've ever read. It's stilted, phoney, and completely unrealistic. Moreover, all the characters AND the narrator sound the same. And this novel takes Political Correctness to an absurd extreme. The main character, Mabry, not only speaks in a way that's at odds with how a 53-year-old white heterosexual male would talk; he's also one of the least-interesting, in fact off-putting characters in recent fiction. The only appealing character, Audrey (misprinted as Aubrey at one point), is sketched in two dimensions. This book seems hurriedly written. The review above is correct when it says that "the major plot elements do not coalesce into a strong, single story." That's for sure. I am not even sure that this piece, as composed, would have made a good short story; maybe.

- Of Mice and Men by John Steinbeck is a wonderful book. After I started reading it I couldn't put it down. It contains only 107 pages and is a pleasure to read. This book really puts an insight on Steinbeck's theory of the perfectability of man. All this means is that he believed that nomatter how different people were that they all could make a difference in society. The two main characters are George and Lenny. George is a short, smart, muscular man. Lenny is a large, strong, man with the mind of a small child. This very unlikely pair get into alot of trouble, but all they bolth want is a place of their own with chickens, rabbits, horses, and other farm animals. But all of their dreams are ruined because Lenny likes to touch and pet soft things. But when he gets scared all he wants to do is hold on to the soft things. Whether it be a pretty soft dress, or a young woman's soft hair. This book seems so real. I actually forgot that it was fiction. It takes you through life changing events, mishaps, and dreams of two poor laborers who just want a place of their own. Steinbeck's ability to amaze you is as always astonishing.
