## REVIEW OF IVECO STRALIS EURO 3 REPAIR MANUAL SPLENDIDHOTELRWANDA

- I used the 2001 version and I just got my scores back and I got 150 pts higher overall. This was a very helpful book, easy to read and practice with, good tips, made the SAT seem not quite as frightening, and the stratagies are wonderful!!!! highly reccommend it.
- I can't say it any better than in Aldisert's own words in his chapter on the Socratic Method: "An understanding of the principles of deduction and induction will significantly assist the student in the daily exercise [i.e. the Socratic Method used by law professors in the classroom]. To lack this understanding is to be substantially, if not totally, disadvantaged."
