You can also follow us on social networks to stay updated with our most recent offerings.

So what are you waiting for? Beginning checking out Advanced Calculus Schaum Outline Solutions summaries today and discover your next excellent read!

### REVIEW OF ADVANCED CALCULUS SCHAUM OUTLINE SOLUTIONS

- The Bridge of San Luis Rey is a beautifully-written story. It begins with the collapse of the eponymous bridge (an Incan relic); five individuals fell to their death as a result and a local priest who witnessed the event subsequently investigates the lives of these five individuals in an attempt to make sense of the tragedy. The life stories of these five people are described in artful and artistic prose; many a line or description begs to be read aloud, some simply for their musicality and lyric qualities and some for the magnitude of the seemingly-simple truths they espouse. A few of my favorite examples:- "Like all the cultivated he believed that only the widely read could be said to know that they were unhappy."- "Either we live by accident and die by accident, or we live by plan and die by plan. Some say that we shall never know and that to the gods we are like the flies that the boys kill on a summer day, and some say, on the contrary, that the very sparrows do not lose a feather that has not been brushed away by the finger of God."- "Now he discovered that secret from which one never quite recovers, that even in the most perfect love one person loves less profoundly than the other. There may be two equally good, equally gifted, equally beautiful, but there may never be two that love one another equally well." Not surprisingly, I loved the story - I always enjoy good writing and usually enjoy stories about the quest for meaning in seemingly random events.

- This review is not about the novel itself but about the quality of its Kindle edition by ePenguin. There are quite a number of spelling mistakes in this edition - as if the text had been scanned in very quickly and not been proof-read carefully enough. For instance, "die" may be displayed as "the", "part" as "fart", "but" as "hut", "greedy" as "gready", "fire" as "fife", "Maria" as "Marfo", "the theme" as "me theme", "years" as "yeen", "the porridge" as "me porridge" and so on and so on. There is also a problem with punctuation - repeatedly a period between different sentences is missing or, albeit less often, a comma or dash has been inserted where it does not make sense. All in all, the production quality of this Kindle edition is rather disappointing and enormously spoils the pleasure of reading Wilder's classic novel. (And, by the way, it does not even have a cover illustration.) I have to admit that I would have expected something better from Penguin ...
