## **REVIEW OF CALSAGA**

## ANSWERS

- This little book was written by Alcyone (Krishnamurti) when he was a boy in physical years, but very old in the inner sense of knowledge, wisdom and love. The book demonstrates that true discipleship is not a "physical trait" and that it pertains to the soul, or the inner wealth of the person. The words are distilled from "impressions" received by the boy from his spiritual Teacher or Master, and the purity of understanding is what shines through, as there is no worldly sophistication required of true understanding. As such, the book may

be equally useful for adults, children or young teenagers who are struggling with illusive complexities of the world, yet may already be "disciples" in the inner sense. There is simplicity of language. There is no pretence. Only wisdom touched with love in a balanced, natural, enlightened way.

- Bringing Yoga to the office is the object of this neat, compact workbook, Desktop Yoga. If you've got five minutes in your day to devote to Lusk's simple and effective exercises, your work day will seem like less of a burden. Great for relieving stress! A must-have!
