This handbook focuses on two sides of the lean production debate that rarely interact. On the one hand, management and industrial engineering scholars have presented a positive view of lean production as the epitome of efficiency and quality. On the other hand, sociology, industrial relations, and labor relations scholars focus on work speedups, management by stress, trade union positions, and self-exploitation in lean teams. The editors of this volume understand the merits of both views and present them accordingly, bridging the gaps among five disciplines and presenting the best of each perspective. Chapters by internationally acclaimed authors examine the positive, negative and neutral possible effects of lean, providing a global view of lean production while adjusting lean to the cultural and political contexts of different nation-states. As the first multi-lens view of lean production from academic and consultant perspectives, this volume charts a way forward in the world of work and management in our global economy.

REVIEW OF RENAULT CLIO DCI 2005 SERVICE

- I loved it .it was a story of friendship and love with Matilda and Ms. Honey .it also was funny
- This story takes place at Matilda's school and home in England. Matilda is a very smart girl and with magic power. She went to school and made friends with the teacher. The story talks about all the things happen at school. I love Matilda because she is not just smart, but she is brave too. This book is very funny and scary at the same time. It contains some magic too. IF you like funny story, I bet you will like this one. I highly recommend this book to you.
