REVIEW OF AVENTURAS FOURTH EDITION PDF

- No artist, or aspiring artist, should go without this book. While it is sometimes exhausting to read through the author's detailed coverage of the works of each featured artist, it should be considered mandatory reading for artists and art historians -- so that all can see the pillars of art on which civilization is built. The author covers both the works and the private lives of the artists, although I would have personally preferred more emphasis on the personal lives. It would also be very nice to have pictures of the specific works in each bio, so I guess that might be a future book purchase here at Amazon(!) -- a visual reference to Renaissance Art. In spite of those two drawbacks, I highly recommend the purchase of this book.

- The kind of book you run in the door when you get home from work so you can start reading again
