REVIEW OF FROZEN FIRE TIM BOWLER

- He who dies with the most toys doesn't necessarily win... Money can't buy happiness... Americans are carefully manipulated by the stuff-producing powers-that-be to patriotically assume our unflattering role as gluttonous junk pigs...These core messages resonate clearly throughout this wonderful book, leading readers down a road well-signed with relevant quotes, pertinent examples, and directions to countless invaluable references. This book encourages you to be appalled with our obsessive drive for more, while simultaneously forcing introspection. In this manner, Affluenza has helped to facilitate more critical scrutiny of my own personal wants and needs. It has me looking at the crap in my house in a bright, new light. While I have always considered myself an environmentalist (recycling everything, trying to minimize driving, etc.), this book has encouraged me to be more aware of my own frivolous consumption patterns, and to rebel against the external forces out there that are working overtime to ensure that I consume as much plastic, gas, hardwood, and fast-food as possible. Two thumbs up.

- Did anyone read "Pretentious intellectual self-absorption," one of the many reviews of ULYSSES, the second greatest work in English (FINNEGANS

WAKE tops the list) since the totality of Shakespeare's canon? To clarify, I am speaking of a rather vapid review, written by a mook from Birmingham, Alabama, delahaya2, who, without knowing it, has penned a wonderfully ironic title for his/her little tantrum. Some people seem to be under the impression that just because they don't understand a book, or work of visual art, it has no value. Take a class on ULYSSES to better understand it-if you have to. Read Harry Blamires', THE NEW BLOOMSDAY BOOK,

and/or a dozen well researched guides through the labyrinth. Once you begin to see the incredible genius of the longest day in literature-not just the style of Bloom's day (which is considerable) but the real substance (which mixes so thoroughly with the style of the book that it is admittedly difficult or impossible to separate the two)-I am convinced that you, that is, any rational and feeling person will be the happier and better having made the effort. Thanks
