## REVIEW OF GOLDWELL HAIR COLOR 11

- To say this book is about rowing is to say that Brian's Song is about football. If you are looking for rowing tips, forget it. This is a story - a true story - a page-turner that you cannot put down. What Sara Hall has given us is the story of a journey to self-discovery and freedom. And to say that her writing is "lyrical," is a gross understatement. The rhythm and razor-sharp imagery of her writing is breathtaking. Sometimes it's poetic, sometimes irreverent and funny, sometimes downright scary. Her gifts extend far beyond her world-class ability to row. I've never rowed and (fortunately) cannot identify with the abusive

relationship she found herself mired in. But everything else in the book rang bells for me: the dual-edged sword of motherhood -both fulfilling and sometimes suffocating, feelings of isolation, the need to find kindred spirits, the joys of supportive friendships, the power of self-determination, the exhilaration of pushing yourself to the limits (my limits are far lower than Sara's), and so much more. Picking up this book is like hearing faint peckings within a slightly wobbly egg and turning your attention to it in fascination and astonishment as you see cracks appear, chips pop out, and finally the miracle of what's inside. When I finished *Drawn to the Rhythm*, I was ready to turn right back to page one and start all over again - Sara's writing is that good and that inspiring.

- I think this is a great study guide. I have not taken the test yet. I have taken sample tests and done good after reading this book. It gives you a quick understanding for the concepts behind the technologies.
