REVIEW OF ITALIAN HAM BURGER 50 RICETTE GOURMET DA PREPARARE A CASA

- As an aspiring actor, I have taken many years of acting classes but always had a problem auditioning and nailing

the part. Catrine McGregor's book made so much sense that everything really clicked into place. She covers every detail of the acting business from auditioning to unions. So many other books I've read contained facts but this book gives you clear, concise directions, examples, exercises, and the real inside scoop from an experienced casting director's point of view. my co-actors use it as a reference guide, too. I highly recommend it!!

- Sweet Dream Baby is an amazing novel, and its power grows as time passes. I read the novel when it first came out, and it's still with me. The music, the sight of a swimming hole, even a dusty road can make Travis and Delia appear for me again. What I wanted to know when I put the book

down was, does Travis have a chance at a decent life? And what was up with

Delia? More and more, I want to find out, because I can't let these characters go. I hope there will be a sequel.
