REVIEW OF A TYPOLOGY OF RESEARCH METHODS WITHIN THE SOCIAL SCIENCES

- I have to admit, I was wary of a publication about 9-11, cynically thinking most publications are for exploitation and profit only but this book is not that at all. Life Magazine, as always, presents us with a beautiful piece of work, taking us to that tragic day, offering insight as well as edification. This book is exceptional and I highly recommend it!
- I teach art and history, and this book is an absolute godsend for both of these subjects. its a fantastic example of reportage photography, and the Photographs alongside the memoir mean it is an invaluable resource for teaching about the Cultural Revolution in China, and Asian History. Highly recommended.
