The OPD Second Canadian Edition

English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional advantage of having words and phrases defined in their native language. The illustrations have been

completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in

pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own.

## **REVIEW OF MCTSG IDNIGHT ALLER HE KIT UYS**

- Carl F. H. Henry (1913-2003) was one of the most important evangelical theologians of the twentieth century. He was instrumental in the founding of Christianity Today and Fuller Theological Seminary, both of which have drifted toward liberalism as of late. (Fuller's slide toward liberalism is detailed in George Marsden's REFORMING

FUNDAMENTALISM.) In 1960 or so, Christianity Today serially published a number of brief essays on various topics in theology, which were published together in this book. (Christianity Today was more scholarly and conservative in those days.) These essays (which number 43, plus a postscript by Roger Nicole) were written by some of the most prominent evangelical thinkers of the day, including Cornelius van Til, F. F. Bruce, G. E. Ladd, and E. J. Carnell. Actually, just about all the deep thinkers in Evangelical Christianity of the time except Gordon Clark appeared to have contributed to this project. This book is an informative mini-systematic theology. It's a good place to start if you want an introduction to conservative Protestant theology.

• My name is Peggy Oborski, and I just wanted to write and comment on your book, "The Psychic Pathway." In so many words, this book is absolutely, THE best book I have ever read in my entire life. I am an avid reader, so that says a lot. I have never been so awoken in a way that I could understand, ever. My eyes were glued to this book for 2 days, (yes, I had to peek) and then the exercises followed in the order you laid out. I would like to sincerely thank you, as I have found my inner voice, and everything seems to flow just right, now. I feel at home, whereas I did not before. I discovered my life's purpose with the help of your book, and am delighted to say I start school to learn the Art of healing through acupuncture next winter. I am more aware of everything, soul, being in this world than ever before, and I am so grateful that you wrote a book on guiding people how to do that. I feel like I have fallen in love, but this time, not with my significant other, but with myself. I also got my significant other to be more aware of his surroundings and feelings as well, now we live so harmoniously together. So again, thank you so much, as your book has touched my heart, and more importantly my soul.
