REVIEW OF D4BH ENGINE

- I liked the book Eragon because it's a great book with action, suspense, and all the other things that make a story great. For example, when Paolini describes Eragon fighting the Urgals, a humanoid creature, I felt like I was in the book. He explains the action like no other author. In this book a farm boy named Eragon finds an egg that hatches to be a dragon. He goes on a journey to be a dragon rider. While traveling, he learns to use magic and to sword fight. To find all the stories details read the book. The beginning is very slow but once you get past that, the story is amazing. I would recommend this book to good readers and fantasy lovers.

- The story of Eragon has all the makings of being one of the best fantasy books I have ever read. It only falls a little short during the few passages and plot lines that seem forced and don't allow you to get completely sucked into the book. Overall its worth reading.
