REVIEW OF CHAPTER 7 MODERN CHEMISTRY ANSWERS

- The Black Dog Opera Library series are

beautifully packaged and way underpriced. They each contain 2 CDs of the complete opera in the inside covers of a compact hardcover book which contains photos and commentary, as well as an annotated libretto in the original language and English translation, referenced to the CD, and notes and photos of the main performers and conductor. The performances are usually classic ones and though not necessarily recorded in the digital age they all sound gorgeous. I have only been able to find 4 (Magic Flute, Aida, La Boheme, and Carmen) and wish there were more. The only flaws in my opinion are that there is no information regarding the date or location of the performances nor is there a complete cast listing

• Eragon, the one name that rings in my head. Is THE MOST exiting book i have ever read. It includes dragons, magic, action, what more could you want. I love this book so much because its not an average boring book... ITS EXITING! It gives you a vivid picture in your mind the whole time you read it. One of my favorite scenes in eragon book 1, is when eragon goes to the old dragon rider training place in the mountains and battles with aria an elf. It was so described i thought i already saw the movie. Eragon is a great fantasy book and there is NO way im not getting the next book The eldest. Britton Sorensen
