REVIEW OF ETHIOPIAN GRADE 11 PHYSICS TEACHERS

- Author's claim as best 1,000 pages on HTML is a big lie. The writing is second rate. It doesn't even get to HTML for hundreds of pages. When it does it goes on and on about standard HTML. When it finally gets to HTML 4 that's when you discover there's not much really. Terribly worse is everything there isn't doesn't work. Nothing they told me worked in my browser. WHY???
- I got this book from my library yesterday and read and finished it that night! It was excellent. I did not want a book about angel stories. There were a couple of stories about people and their encounters with angels and they were short. I knew very little about the Heavenly Host until I read this book. I read the Bible every day and I have Bible studies but I missed this part! I love the scriptures and I got plenty of verses about God's angels. Tonight at church the first thing my pastor preached about was in Judges 6 about Gideon and the visit from the Angel of the Lord. I will buy this book!
