Explained Your Step By Step PDF downloads today and take advantage of the riches of info at your fingertips. **Download Drupal 7 Explained Your Step By Step PDF free** and enhance your discovering experience!

REVIEW OF DRUPAL 7 EXPLAINED YOUR STEP BY STEP

- A surprisingly good read! As I began reading it in the beginning I found it tame but as the story progressed it grabbed my interest. I ended up reading it in one sitting. A few twists and turns. The characters were interesting especially the interaction between Robert and Pap and the relationship between Robert and Jenny. Probably not a book for everyone but for those who like lighthearted fantasy I'd recommend it.

- These comments refer to the old Continuum edition, NOT to the Stanford edition, which is a fine translation ... While not wishing to detract from what has been said about the importance of this book, it is worth mentioning that the English translation is scandalously bad and in need of replacement. I've had occasion to make extensive comparisons between the German original and the translation and the results are not encouraging. Much is simply flat-out wrong (e.g., sometimes the translator mistakes one German word for another) even more is unnecessarily clumsy. While Horkheimer and Adorno adopted a rather dense style of writing, nothing they produced is quite as cumbersome as what readers of this translation have had to endure. One can sympathize with the translator -- he did the translation at a time when very little by Horkheimer and Adorno was in English and it

appears that he worked under a rather tight schedule (it is possible to find errors piling up on a page and then suddenly ceasing -- suggesting that the poor fellow took a break and came back later on, with happier results). But there is no forgiving the publisher for leaving this text uncorrected for so long despite a long-standing consensus among students of the Frankfurt School that this is a deeply flawed translation. That anything of the power of the original makes it through the muck of this

translation is a testimony to the force of Horkheimer and Adorno's ideas. A new translation is long overdue. Until then, readers coming to the work of the Frankfurt School might want to seek out Max Horkheimer's *Eclipse of Reason*, a summary of the argument elaborated here which Horkheimer delivered in English at Columbia University at about the same time of as the publication of the German original of this book.
