REVIEW OF NONLINEAR OSCILLATIONS NAYFEH PDF JETSETAVLIB

- I have started using my bread machine again thanks to The Bread Lover's Bread Machine Cookbook. It must have some kind of magic in it because every loaf I have tried has been amazing. I find I can only use the 1 1/2 pound loaf recipe in my 2 pound machine because the loaves come out huge. HUGE. I love this book so much, I bought two more copies to give to my best friends. One of them never made anything but sourdough. He was a sourdough snob. He made my very favorite recipe, Sour Cream Bread and made two loaves that same night. One for bread and one for cinnamon rolls. I've never seen someone so excited over a loaf of bread. It really is an unbeatable loaf. Just this one recipe is worth the price of the book alone. If you don't make any other recipe, make this one. It's perfect for a peanut butter sandwich, french toast, or just spread with real butter. Yum. Update - 12/10/07 I made the Peach jam recipe and OMG, it was amazing. I used frozen peaches instead of fresh. Do try the jam in the machine. You won't be sorry.
- The recipes and information about breads and flours are extensive. It's fun reading. Major weakness: The recipes are written in a small font on a medium green background. Even with my normal reading glasses I have to use a magnifying glass to distinguish numbers in the fractions of cups. This means that I will have to type the recipe and print it out in an easily readable font size. I will not be able to assemble the ingredients straight from the book.
